

ACE Charter High School Distance Learning Grading Policy

ACE is deeply committed to ensure that all students are receiving high quality teaching through Google Classroom during the school closure. Your child's education is our highest priority and we look forward to supporting you and your child. Please text or call Principal Moilanen at (408) 460-5154 if you need help accessing a computer or internet and we will provide both for you.

How does my child access school work?

All classwork will take place on Google Classroom. By taking part in Distance Learning, students are able to improve and maintain their grades on standards that have already been covered. This means that teachers will be addressing the same standards that have been previously taught ahead of 3/13. Teachers will assign new assignments AND have students redo and retake old assignments/assessments for a higher grade.

Why should my child complete class work during the school closure?

ACE is committed to continuing to provide educational experiences that support your child in developing skills to be ready for college and beyond and will help them increase their grades. **Your child will be graded on the work they complete during the school closure!**

What is the Grading Policy in Distance Learning?

Grades can only improve from what they were on 3/13. Students can retake assignments from prior to 3/13 to master content and improve grades. Teachers will assign new assignments and teach content covered prior to 3/13. Teachers will administer tests and finals based on their discretion. ***These grades will be included and will count on student transcripts.***

How can I monitor my child's grade?

Grades will be updated using Powerschool at least one time a week (although many teachers are posting grades more often).

What is my student's responsibility?

Students will complete assigned responsibilities in each of their classes every day with the help of each staff member at ACE. With the support of staff, students will attend classes, Google Hangout meetings with teachers by appointment, take exams, and attend digital office hours as part of their year-end grade using Google Classroom. Students and families can engage with teachers using email or the Remind texting app.

What will teachers be doing?

Teachers will continue to provide learning opportunities through video (both live and pre-recorded) along with feedback via written or letter grade to all students at least three times a week on Google Classroom for feedback and teachers will update Powerschool at least one time a week.

ACE Charter High School Distance Learning Grading Policy

Teachers will also be communicating with students through the Remind app about any important or upcoming assignments.

How do I contact my child's teachers?

[Use the link here for teacher email and Remind codes](#) (Parents and Students-use the Remind codes to sign up to contact your teachers via Remind or email).

[Use the link here](#) to join teachers during their Live Office Hours on Google Hangouts
